Mr. Marion Johnson
The National Archives
Washington, D.C.

Dear Mr. Johnson,

Attached is a copy of a document from the CIA-FBI file, a 1/11/64 memo from Charles Shaffer to Howard Willens entitled 'Information Failure".

I do not now recall whether I ever saw or had the attachments referred to. I believe they were not attached.

Could you please let me know what these two letterhead memos are about and their dates, so I can determine whether or not I have them? If they are but a page or two each, it will be simpler for you and satisfactory to me if, instead, you copy them and mail them to me.

Thank you very much.

Sincerely,

Harold Weisberg
